LOGIN TO YOUR AWS ACCOUNT

Login to your AWS Account

If you already have an AWS account, go ahead and login to that Account, and you can skip the section below and continue on to the next page in the workshop.

If you need an AWS account, continue with the instructions below.

Using the AWS Event Engine

1. Go to the following URL to access Event Engine: https://dashboard.eventengine.run/

Who are you?

Terms & Conditions:

1. By using [AWS Event Engine] for the relevant event, you agree to the AWS Event Terms and Conditions and the AWS Acceptable Use Policy. You acknowledge and agree that are using an AWS-owned account that you can only access for the duration of the relevant event. If you find residual resources or materials in the AWS-owned account, you will make us aware and cease use of the account. AWS reserves the right to terminate the account and delete the contents at any time.

2. You will not: (a) process or run any operation on any data other than test data sets or lab-approved materials by AWS, and (b) copy, import, export or otherwise create derivate works of materials provided by AWS, including but not limited to, data sets.

3. AWS is under no obligation to enable the transmission of your materials through [AWS Event Engine] and may, in its discretion, edit, block, refuse to post, or remove your materials at any time.

4. Your use of the [event engine] will comply with these terms and all applicable laws, and your access to [AWS Event Engine] will immediately and automatically terminate if you do not comply with any of these terms or conditions.

    [Team Hash (e.g. abcdef123456)]

This is the 12 digit hash that was given to you or your team.

2. Enter the 12 character hash code that was given to you by the instructor, and then click **Accept Terms and Login**:
